Sept. 27, 1927.

Commissioner of Indian Affairs,
Washington D.C.

Sir:

I have the honor to forward herewith the Census of Indians under the Hoop Valley Jurisdiction.

It is noted that the Survey of Indian Affairs Institute for Government Research, mentions that the school population is more than the minor population in the 1925 report it is also true of the 1927 report, as there are many Indians in Humboldt and Del Norte Counties that are not and never were on the Census rolls at this Agency.

Very respectfully,

B.F.Mc/AB

B.F. McCombs
B.F. McCombs, Clerk in charge.

Sir:

Referring to your letter of November 7th, relative to census rolls, would say that I do not understand the last line of your letter reading, "In this connection, however, you are requested to submit further facts before final instructions can be given."

If you will let me know just what facts you desire, I will endeavor to furnish them for you.

I would also like to know whether you mean that where affidavits have been furnished to Mr. Anderson as to Indian blood of Indians living in Del Norte or Humboldt Counties, if I may place them on my rolls as Indians under this jurisdiction without further formality.

Very truly yours,

John D. Keeley

Mr. John D. Keeley,

Supt., Hoopa Valley Agency.

NOV -7 1929

Just

Dear Mr. Keeley:

The Office was glad to receive your letter of October 24 in reference to the census rolls at your jurisdiction. As you undoubtedly know the Indian Bureau will cooperate in connection with the 1930 census, and in the majority of cases the superintendent will be appointed supervisor of the district in which his jurisdiction is located. Because of this it will be possible to obtain a more accurate roll than has been heretofore furnished. You will proceed upon the revision of your census rolls based upon the 1930 census and corrected in accordance with the affidavits furnished by Mr. Anderson as to families.

A new form is being furnished for this fiscal year and will show the residence of each Indian, whether reservation or nonreservation. A carbon copy of this new form is being furnished you for your information, and the Office will appreciate your giving this matter your personal attention.

In connection with the enrollment of many of the Indians in Del Norte and Humboldt Counties, you are advised that enrollment can be made in a given case if affidavits have been furnished. In this connection, however, you are requested to submit further facts before final instructions can be given.

Sincerely yours,

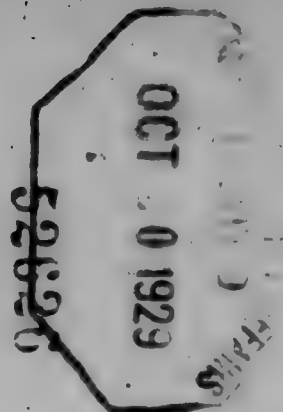

(S. W. C.)
Commissioner.

INDIAN FIELD SERVICE

October 24, 1929

Commissioner of Indian Affairs
Washington, D. C.

Sir:

Referring to the census of Indians of this jurisdiction which is submitted annually, you will note that same is divided as follows: Bear River Indians, Blue Lake Indians, Crescent City Indians, Eel River Indians, Hupa Indians, Klamath River Indians, Lower Klamath Indians, and Smith River Indians.

So far as these names are concerned and these divisions, they now mean nothing to us. At one time they possibly meant a division of the Indians so far as residence was concerned, but they have moved about so much and intermarried, and they have apparently been transferred at different times from one census to another until such division is absolutely worthless and confusing.

They have lost tribal affiliation to such an extent that very few of them know what tribe they belong to, and if they name a tribe, it is, in fact, not a tribe but a band of Indians named after some local name of a place where they once resided. This division has resulted in many duplications, we found when the enrollment of California Indians was made by Mr. John H. Anderson.

I am now asking authority to revise this census and make up a new one, corrected in accordance with the affidavits furnished Mr. Anderson as to families, same to be a strictly alphabetical roll of the Indians under the jurisdiction of the Hoopa Valley Agency without the divisions noted above.

As an instance, there are fifty-one Crescent City Indians listed; while as a matter of fact, there is only one Indian living on the Crescent City Reserve at the present time. Bear

River has twenty-one listed, and there are not over one or two living there now. So it will be seen that a division as shown is absolutely worthless and meaningless, and a waste of time to try to keep it in that form. I trust you will approve this change, which will make it a distinctly more valuable census to the Office and to ourselves.

In this connection, I might say that the census covers only from one-half to two-thirds of the Indians in Del Norte and Humboldt Counties. Why many of the other Indians are not on the roll is a puzzle to me. You will find two or three children in the family on the roll and the rest not; or you will find the children on the roll and the parents not. It is very confusing, and it is hard to explain to the Indians why some are on the rolls and some are not. I see no reason why all should not have been on the roll, and I believe that when the reports of Mr. Anderson and Mr. Baker are completed, all Indians enrolled by them and accepted as California Indians should be placed on our rolls.

Conditions as we find them here are undoubtedly true on the other California reservations, and they account for much of the propoganda of the decrease of the California Indians. I showed only 1939 Indians on my rolls for the period ending June 30th, and I believe that Mr. Anderson himself enrolled more than 2500 Indians, and I do not have a record of how many were enrolled by Mr. Baker. So it is easy to see, when Indian service rolls are compared with estimates by other people and other organizations, and compared with what was said to have been the Indian population of California a number of years ago, that it would appear that our California Indians were dying off, when, as a matter of fact, they are not.

Very truly yours,

John D. Keeley, Supt.
